

I have been listening to K-LOVE radio on 105.5 FM, which is a translator station, since it came on the air here several years ago, and have found it to be very informative about local community events as well as very inspiring. I financially support this station because I believe in their programming and feel LPFM would not offer the same type of family-friendly programming as does K-LOVE. I also listen to this station when I travel to others parts of the state and country, which makes me feel at home regardless of where I am. In EACH community, their announcements reflect the activities of that community, as do their emergency broadcast bulletins. If it were not for an FM translator station here, Casa Grande would NOT have a local station, due to our proximity to Phoenix and Tucson. I am proud to be a K-LOVE supporter and would be extremely lost without this station being available locally. Please DO NOT put any of the K-LOVE translator stations in danger by expanding the LPFM network and bumping out current translator stations such as the one in my community. Thank you for your consideration of my views on this important matter. I trust you will contact me if you have any additional questions.
